Certificate of Compliance – RoHS Compliance Declaration

Our Commitment

The majority of SANKONG parts are compliant with European Directive (2002/95/EC) and RoHS II (2011/65/EU) and RoHS III (2015/863/EU) and also the current China RoHS requirements. Neither Perfluorooctane sulphonate (PFOS) nor Perfluorooctanoic acid (PFOA) are intentionally added to our parts (2006/122/EC).

We are committed to helping our customers select RoHS compliant products and offer this general statement regarding compliance of our fasteners to the RoHS directive. This information is intended to provide general guidance to customers to help them select compliant products. To check status of specific product types go to the Product Compliance Lookup. If compliance certification on specific part numbers is needed, we can supply such certification if a list of our part numbers is supplied.

Restricted Substance	Maximum Threshold Limit
Cadmium and its compounds	100 ppm (0.01 weight %)
Mercury and its compounds	1000 ppm (0.1 weight %)
Hexavalent chromium and its compounds	1000 ppm (0.1 weight %)
Lead and its compounds *	1000 ppm (0.1 weight %)
Polybrominated biphenyls (PBB)	1000 ppm (0.1 weight %)
Polybrominated diphenyl ethers (PBDE)	1000 ppm (0.1 weight %)
Bis(2-Ethylhexyl) phthalate (DEHP)	1000 ppm (0.1 weight %)
Benzyl butyl phthalate (BBP)	1000 ppm (0.1 weight %)
Dibutyl phthalate (DBP)	1000 ppm (0.1 weight %)
Diisobutyl phthalate (DIBP)	1000 ppm (0.1 weight %)

**Except when allowed by the Directive. For example, 3500 ppm in steel, 4000 ppm in aluminum alloys and 40000 ppm in copper alloys.

Regarding Future Compliance

We will continue to monitor RoHS directives as part of a continued effort to provide quality products that meet the requirements of the customers and markets that we serve.

SANKONG's standard terms and conditions apply to RoHS compliance and define SANKONG's obligations in the event any parts represented as compliant are disputed.

We thank you for your continued support and understanding.

Eason Huang
